If you do not have your family dismissal number to display, you must park your car and walk into the office until we can verify your family number. **If someone other than the person on file will be picking up your child, please be sure to add that person under authorized pick-up on to your parent portal in advance. Additionally, your family dismissal number must also be given to that person.** Students will not be dismissed if the person picking them up do not have a number and the person is not listed on our system as a pick-up person.
